

IQ-IJ419/420

TruColor Flag FR

100% knitted and rip-proof polyester with a matt surface. This material is with or without backing available. Ideal for any **indoor** applications. If printed with solvent inks you will get a nearly 100% print through.

Usability

- Specially developed for solvent inks. Compatible with sublimation and UV-curable inks as well.
- For brilliant colours ink settings must be optimized according to ink, printer and software instructions.
- **Attention:** To ensure an easy removal of the paper backing adjust the heaters of the printer to a max. of 35°C / 95°F.

Use for Indoor and Outdoor

- Flags
- Textile wall hangings
- Display booths
- Window draperies
- Window displays
- Curtains
- Indoor signs
- Shop/Show decorations
- etc.
